eduardo.vargas@gatech.edu || +1 (404) 281-4456

OBJECTIVE

To obtain a Full-Time software development position with a global company where I can apply my computer science knowledge in a dynamic work environment.

EDUCATION

Georgia Institute of Technology:
Bachelor of Science in Computer Science
Artificial Intelligence and People

August 2015 – Present
Expected Graduation: May 2019

EXPERIENCE

NCR Corporation
CMS Development Architect

August 2018 – Present

- Evaluating and optimizing systems, services and technology agencies being utilized across global marketing.

SubletPatrol
Co-Founder & Chief Technology Officer

June 2018 – Present

- Designing 2019 roadmap, working on company partnerships and personal assistant integrations.
- Led the initiative to replace the standard server architecture with a serverless version reducing hosting costs by 90%.
- Architected company's proprietary geofencing algorithm which leverages cloud-computing to patrol the web for potential illegal subleases and notifies the apartment owner or manager.

BlackRock Inc.
Software Engineering Intern – Aladdin Product Group

May 2018 – August 2018

- Developed and deployed a dynamic code generating app that integrates with over 13 financial applications to manage and visualize data from assets and portfolios.
- Enabled portfolio managers to access tailored resources without the need of a dedicated engineering team.

FyveBot
Developer & Co-Founder

February 2018 – June 2018

- Built a chatbot that combines natural language processing with a custom-built smart summarizer which allows users to search for any subject of interest and provides the user with a concise, accurate summary that can be read in 5 minutes.
- Won HackIllinois 2018 – Microsoft 1st place and qualified to Microsoft Imagine Cup US Finals.
- Offered \$70,000 in funding to develop and deploy the application.

The Coca-Cola Company
Computer Science Specialist – Global Marketing

May 2017 – August 2017

- Developed custom Microsoft PowerApps to automate internal procedures within Global Marketing.
- Designed and built Google Chrome extensions that enabled access to external platforms without leaving the browser.

The Coca-Cola Company
Digital Platforms Specialist – Global Marketing

June 2016 – December 2016

- Planned the launching, introduction and on-boarding process for new platforms.
- Assisted with analytics, graphic design, video-editing and content creation for Global Marketing.

LEADERSHIP AND ACTIVITIES

College of Computing – Teaching Assistant & Tutor
Sigma Phi Epsilon Fraternity – Vice President of Finance
For The Kids – Digital Marketing

August 2016 – May 2018
November 2016 – November 2017
September 2016 – May 2017

SKILLS

Fluent in Spanish and English
Programming: Java, Python, Angular6, NodeJS
Google Analytics Certified, Workfront Project Manager Certified, Blockchain for Business Certified

AWARDS

Intel Retaining Inspiration Students in Engineering (RISE) Scholar
SigEp NUTS! McAuliffe Society Scholarship
Georgia Tech Interfraternity Council Scholarship
Alpha Lambda Delta National Honor Society Scholar
